A Message From the Director

- The year 1996 was a good year for our ballfields (8 completed ballfields, a new concession building and four fields lighted). It was also a successful year for our two outdoor pools, in terms of attendance and revenue.
- We have a good Recreation and Parks Commission and the community has been supportive and helpful with a lot of the programs.
- We have studied extensively the need for expanded centers and are hoping 1997 will bring a decision concerning this project.
- We still have quite a few needs to be met and more land to be purchased for park use. We also have a lot of capital improvements to be completed.
- Our mission is always and most sincerely to provide, in the friendliest and most professional manner, our services, programs, fees and park locations. We feel strongly our job is your pleasure.
- People, Parks and Pleasure is our logo and we hope to live up to it.
